LIGHT TRADE RECORD IN LOCAL SECURITIES

Southern Railroads Showing Excellent Earnings-Reported Sales of Big Block of Steel.

BY I. A. FLEMING.

Business on the local stock exchange today was greatly restricted. There may have been orders, but if so they were limited to prices below the bid cial issues displaying further irregufiguree or above the selling figure, for larities. the record was inconsiderable.

The attendance of members was light. The demand for bonds, especially high Alcohol and Bethlehem Steel, the latgrade issues, which has been good for ter losing 41/2 points on its first sale the last few days, has fallen away entirely. The only sales in the bond list were of Potomac Consolidated 5s at 1011/2 and a small lot of American Graphophone 6s at 101.

Aside from these transactions the only others worthy of mention was a block of thirty-five shares of Arlington Insurance at 9, the price bid some months ago for the capital stock; and one 10-share lot of Washington Gas at 75½. The typesetters were nominal at 159 bid, 161 asked for Mergenthaler and 30 bid and \$2½ asked for Lanston.

Big Earnings for Southern Lines. The fiscal year ended with June 30 witnessed a wonderful improvement in the earnings of a number of southern

year in their records. The Southern railway earnings published yesterday were only exceeded by the showing of 1914, the banner year in the history of the organization.

The Seaboard Air Line for the year named increased its gross earnings by \$2,713,472. The total gross for the road was \$24,492,788,93.

For the month of June the gross

railroads. For several it was the best

\$2,713,472. The total gross for the road was \$24,492,758,93.

For the month of June the gross earnings of the Atlantic Coast Line increased \$454,268,75.

Western Maryland had its best year when, for the year ended June 30, the gross earnings reached \$10,930,369, an increase as compared with the previous year of \$2,246,910.

Earnings of railroads generally for the last fiscal year will show up splendidly. There is some fear that July figures, especially for eastern roads, may show the effect of using facilities for rushing troops to the Mexican border, while freight was delayed.

to the Mexican boruer, which delayed.

The Pennsylvania system, all lines, reported gross earnings for June of \$37.-\$14.060, an increase of a little less than \$6.000.000 over June, 1915.
Chicago and Northwestern reported for the month of June gross earnings of \$8.118.644 and for the fiscal year, gross, of \$91,313.865, an increase over the previous fiscal year of over \$10,000.000.

Report Big Sale of Steel.

Shortly before noon it was reported from New York that a private sale of 250,600 shares of Steel common had been negotiated.

There was no confirmation of the report, although it has been a matter of public knowledge that a large block of the stock was hanging over the market. There are still some 500,000 shares of Steel common owned abroad, and it is probable that Great Britain has mobilized a large block of this stock and sent it to J. P. Morgan & Co.

That the stock has not made proper response to the greatest earnings in the history has been very largely due to the fact that traders expected this big block of stock, although they had no knowledge of the number of shares, was hanging over the market.

Under the prevailing circumstances of easy money and big steel earnings as well as 6 per cent dividends for another quarter or two, more than likely, it would not be a hard matter to dispose of the big block mentioned to some syndicate.

MANITOBA RUST REPORT

New York Bankers Are Sharp. New York bankers are using the col-

ection system of the federal reserve banks only for the collection of checks drawn in regional district centers sent them by out-of-town members. The colection will cost the bankers 11/2 cents an item and they will probably tax the customers 50 cents a thousand or on a per-centage basis. They are not participating in the general collection system.

It is reported that the collection system of the federal reserve banks is working smoothly and the volume of collec-

According to a leading authority, the total wheat yield for the Dakotas and Minnesota will not exceed 120.000,000 bushels, although the government estimated on July 15 crop in the three states would amount to 203,000.009 bushels. Highest prices of the day were reached in the last fifteen minutes. Late reports said black rust was in Saskatchewan as well as in Manitoba. After gains of 7%a½c in September the market closed excited, 6a 6½c to 6%a6½c net higher, with September at 130% and December at 134%a½.

Wheat strength tended afterward to sustai nthe corn advance. The close was firm at a gain of 1½ to 1½c net. Conferees on the army appropriation

NOMINATED THIRD TIME.

Marjorie J. Bloom Will Be Confirmed Postmaster at Devils Lake, N. D. President Wilson yesterday nominated Marjorie J. Bloom as postmaster at Devils Lake, N. D., and it is understood that the controversy over the stood that the controversy over the post office, which has lasted more than a year, is over. Mrs. Bloom's husband was nominated for the office and rejected by the Senate, and she was nominated twice and rejected each time. Last May H. S. Davis was nominated to the position, but later resigned.

Senator Gronna, who held up the first three nominations because Bloom was personally obnoxious to him, now has withdrawn his objection, and Mrs. Bloom will be confirmed.

COTTON MARKETS.

NEW YORK.

NEW YORK, August 2.—The cotton market opened steady at an advance of 5 to 7 points today in response to relatively firm cables, with December contracts selling at 13.58 and January at 13.64 on the call. There was renewed realizing and local selling of the same sort as that responsible for the reaction of yesterday afternoon and prices eased off slightly after the call, but there were a good many buying orthere were a good many buying or-ders around the ring for execution on a scale down, and the undertone was

NEW ORLEANS.

NEW ORLEANS. August 2.—Good cables and a moderate accumulation over night of buying orders in commission house hands gave the cotton market a steady tone around the opening today. Mediterranean with a German or Aus-The Young Willing Helpers' Club went on an outing Sunday to Great Falls. Expenses were paid from the treasury of the club. At a recent elec-Charles Hunter has reported.

He believes he left the submarine in a sinking condition.

The Clodmoor plainly showed the marks of the submarine's gunfire. The steamship is armed with one gun for defensive purposes and it was with this, her captain said, that he shelled the submarine when she attacked and so seriously damaged her that she drew off apparently in a sinking condition.

The battle lasted half an hour, according to Capt. Hunter, but only one shell did serious damage to the Clodmoor. This pierced the vessel near the engineer's and mate's quarters. Several shells, however, dropped on the vessel's decks.

Falls. Expenses were paid from the treasury of the club. At a recent election the following were elected and Installed in their new offices: President, Louis Goldberg; vice president, Celia Taishoff; treasurer, Dave Berman; recording secretary, Fannie Lazrow, and sergeant-at-arms, Hyman Garfinkle. The outing was given in their honor. The club is to hold a moonlight excursion August 21.
